### A Note About the Program End Date:
Students in academic year programs often finish their course work and exams 1-3 weeks early, depending on their schedule. You should book your return flight based on the program concludes date. It is possible to change your return flight, depending on flight availability. You would be required to pay a fee to change your return date.

Program calendars occasionally do not allow enough time for a homestay prior to the start of classes. Our overseas staff will give more information regarding a mid-semester/term homestay to you once you are abroad.

A special packet of materials containing everything you’ll need for immigration inspection and finding the orientation venue is sent to all independent travelers approximately two weeks prior to their departure.
